July 23rd—27th 2018

9am to 3:30pm
kids aged 10 to 13

JA BizTown is a place unlike any other—a town run by kids, for kids! In JA BizTown, campers build and participate in their own vibrant community. They apply and interview for jobs, manage their own bank accounts, hold elections, and work as part of a business team. Whether they are a Bank Teller, News Reporter, business CEO or even the Mayor, every camper at JA BizTown has an important role to play in the success of the community.

"Budgeting has helped me to understand that you need to earn money to get what you want." - Camper

"JA BizTown is great at building self esteem and provides a fun environment of team work and meeting goals." - Parent

"The biggest take-aways for them were learning about working with others. It's great to have experiences they can talk about at home with us." - Parent

"I loved running the town! It gives us an awesome taste of what life will be like in the near future." - Camper

Camp Activities

Monday: Focus on Community and Economy
Campers start the week by exploring their JA BizTown community. They will engage in fun team building and leadership activities. Then they will begin the job search process by applying and interviewing for their top job choices.

Tuesday: Focus on Financial Literacy
The day's activities focus on personal money management. Campers learn how to write checks and deposit tickets, and how to maintain a check register. Then they'll be ready to start earning money at their job!

Wednesday-Friday: Focus on Work Readiness
For the rest of the week, campers operate their own businesses.   They'll work together to develop advertisements, set prices, and sell their products or services. As young entrepreneurs, they will develop and pitch a business idea shark tank style. On their breaks, campers get the chance to shop and spend their hard-earned money!

Camp will be located at JA BizTown: 120 Powell Place, Nashville TN 37204
